

Aragen's EcoVadis Journey

Sustainability at Aragen is a sustained, long-term commitment to hold ourselves socially, environmentally, and economically responsible. We are committed to providing innovative scientific solutions to our customers in a safe and sustainable manner to minimize any potential negative impact on the environment and ensure the health and safety of our stakeholders.

Aragen's EcoVadis Journey

Aragen Life Sciences Private Limited is undergoing EcoVadis Sustainability assessment rating for the past 5 years. The overall score in CY-19 and CY-20 was 38. To improve the score in CY-21, we focussed on improvement areas in management systems including Environmental, Labour & Human Rights, Ethics and Sustainable Procurement. We were awarded bronze medal with total score of 46.

During CY-22, Aragen was awarded the Silver medal with a total score of 64. Score improved significantly in Labour & Human Rights, Ethics and Sustainable procurement function.

Following are the contributing factors for score enhancement:

- Commitment to Science Based Targets Initiative (SBTi) in line with Paris Agreement in Sept 2015.
- Commitment to United Nations Global Compact (UNGC) sets of principles.
- KPI dashboard for Environment, Labour & Human Rights, Compliance and Sustainable procurement.
- Uploading Sustainability Report FY-21 on company's website.
- Communication on progress (COP) towards the Sustainable Development Goals (SDGs).
- Document related to women development (EvoWE -Accelerating women empowerment)
- Facilities for employees with disabilities.
